AEROLITE

COMPACT ULTRA-LIGHTWEIGHT LIFERAFTS

AEROLITE

HIGH SURVIVABILITY THROUGH DYNAMIC DESIGN

- Tried and tested in a large number emergency situations including Search & Rescue missions
- Compact multi-seater liferafts offering ultra-lightweight solutions
- Approved to the highest standards including UK CAA, EASA and FAA specifications
- Available in 4, 5, 6, 10, 20, 30, 33 and 46 person canopied life rafts, with 50% overload as standard
- Fully automatic canopy (excludes Aerolite 46)

The RFD Aerolite series is a leading range of canopied liferafts for all aircraft types from executive jets to large military transporters and airline operators. Manufactured from polyurethane proofed nylon fabric, the RFD Aerolite combines high survivability features with low weight/packed volume benefits. Each Aerolite liferaft has an inflatable canopy support to ensure maximum exposure protection against the most extreme elements.

Available in a large range of stowage options, the Aerolite range is uniquely suitable for multiple applications including commercial and military use as well as rotary-wing applications. Survitec is approved to the highest quality standards includes BS EN ISO 9001, 2000, 2008, ISO 14001, AS 9100, EASA Part 21 G and EASA part 145.

AEROLITE BENEFITS

Our team of experienced design specialists work hard to ensure optimum performance of the RFD Aerolite in all conditions.

Self-erecting high stability twin buoyancy tubes

Ensures stability of the liferaft even in extreme weather conditions

High reliability single point activation system

Rapid and easy deployments means survivors can board to safety faster

Comprehensive customer specific survival packs incl. FAR 91/135, JAR OPS 3

Can be tailored to a customer's specific operating requirements

Strong protective canopy

Protects survivors against the elements while at sea

Wide range of stowage options, including wing-stowage

Provides critical space savings on aircraft

Stringent testing through EASA and FAA approval

Liferaft will operate to the required standard every time.

DIMENSIONS

*All weights and dimensions are approximate and may be subject to slight variation.

**Aerolite 4 has CAA Approval. It also has FAA Approval as a Type II raft

*** Aerolite 33/33F configured for Lockheed Martin C130 wing stowage only
