

LISA

Lightweight Immersion Suit for Aviation

Working with PM Air Warrior, SWITLIK has designed the LISA immersion suit as part of the U.S. Army Air Solider System (AirSS) program. LISA represents a critical garment within the AirSS next-generation rotary and fixed wing aircrew protective ensemble. Its advanced features and design set it apart from any other aviation dry suit in use.

LISA

Lightweight Immersion Suit for Aviation

Trimmable latex wrist & neck seals

Manufactured out of a new, advanced, lightweight, breathable, FR, Gore-tex® laminated fabric (OCP Pattern)

Large thigh pocket for extra storage

Includes a new stretchable, waterproof sock design

Two upper arm pockets with pen holder for the HAU-12/P inflatable mitten storage (mittens included)

Watertight entry and relief zipper. SWITLIK U-shape entry design for unassisted donning and doffing

Elbow, seat and knee abrasion patches for enhanced durability

Adjustable, internal suspender system

Innovative zip-in & zip-out Polartec® fleece, short sleeve & leg liner system. Designed to replace the fleece layer of traditional 3 layer undergarment systems

Innovative LPT patch & cable routing pocket allows for the connection of Liquid Pass-Thru (LPT) connector onto the suit while still retaining watertightness. Connection of LPT allows aircrew to wear a cooling vest underneath the suit.

Suit is available in 6 universal sizes.

	P/N	NSN
Extra-Small	1050802-1	8415-01-671-1540
Small	1050802-2	8415-01-671-1543
Medium	1050802-3	8415-01-671-1544
Large	1050802-4	8415-01-671-1545
Extra-Large	1050802-5	8415-01-671-1470
